

AQUA POUR™ GRAVITY WATER SYSTEM

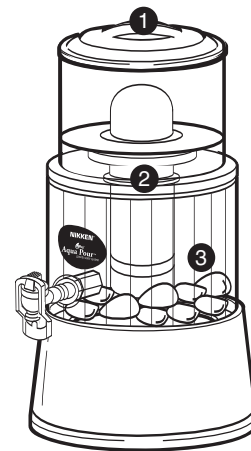

QUICK REFERENCE SHEET

- *Portable and economical — simple operation, advanced technology*
- *Filtration that works naturally by gravity flow*
- *Ionized minerals help regulate acid/alkaline (pH) balance*
- *Mineral elements produce pi water, “the water of life”*
- *Nikken Magnetic Technology*

PiMag Aqua Pour

- 1** Water is poured into the top (filler) tank.
- 2** Gravity directs the water flow through multiple levels of filtration, plus pi ceramics.
- 3** Water collects in bottom (supply) tank, and passes through a magnetic field.

PIMAG AQUA POUR FEATURES AND BENEFITS:

- **Compact design** Can be set up on a counter or practically anywhere.
- **Gravity flow operation** Requires no electricity or plumbing.
- **Microsponge prefilter** Reduces particulates.
- **Ceramic prefilter** Provides more intensive filtration, for areas with high sediment or rust content.
- **Activated carbon filter** Simple, natural form of adsorption filtering.
- **Zeolite filter material** Provides exceptional filtration quality.
- **Pi ceramic material** Reproduces conditions for creating pi water.
- **Mineral stones** Naturally alkaline, to filter and help regulate water pH.
- **Magnetic technology** Adds the magnetic component to produce PiMag water.

AQUA POUR™ GRAVITY WATER SYSTEM

QUICK REFERENCE SHEET

THE FACTS

- Nikken PiMag Water Technology is superior to other technologies that require the use of chemicals or salt.
- PiMag Water Technology is ideal for a variety of uses — water for drinking, cooking, watering plants — almost any application.
- PiMag water is an exceptional source of what your body needs. It can help restore the balance of fluids that plants, animals — and human beings — are composed of internally.
- PiMag water is also less acidic than some tap water. Less-acidic water is more in harmony with your natural fluids.
- The technology in the PiMag Aqua Pour is based on natural forces. The system uses gravity and the natural properties of water.
- The PiMag Aqua Pour is more practical than drinking bottled water. A supply of full water bottles is heavy to carry. With the PiMag Aqua Pour, you just add water and produce PiMag water on the spot.
- Commercially bottled water is expensive — PiMag water costs a fraction of the price. And with bottled water, the quality can vary depending on where or when it was bottled. The PiMag Aqua Pour provides consistent quality.

The contaminants or other substances removed or reduced by this water treatment device are not necessarily in your water. Use only on municipally treated water or other supply known to be safe for drinking.

CAUTION: Use with cold water only. This product contains silver used to inhibit the growth of bacteria in the filter to prolong the life of the filter. Silver has a low toxicity to humans and the amount contained in the filter is less than the specified permissible amount for human exposure. Silver is toxic to fish and other aquatic life. This product is designed to remove objectionable tastes, odors, and colors from municipally treated tap water.

If you use an electronic medical device such as a pacemaker, or have a magnetically sensitive surgical implant, do not use or wear magnetic products. Women in the first trimester of pregnancy or anyone who has a health problem should first consult a physician before using magnetic products. Do not place magnetic products in direct contact with magnetically sensitive items such as watches, audio/video tapes, credit cards, portable electronic equipment, etc.

PRODUCT INFORMATION

ITEM CODE	DESCRIPTION
#1360	PiMag™ Aqua Pour™ Gravity Water System
#1362	PiMag™ Aqua Pour™ Microsponge - Replacement
#1364	PiMag™ Aqua Pour™ Ceramic Filter - Replacement
#1361	PiMag™ Aqua Pour™ Filter Cartridge - Replacement
#1386	PiMag™ Aqua Pour™ Mineral Stones - Replacement
AVAILABILITY	
US: YES	CN: YES
FEATURED NIKKEN TECHNOLOGY	
PiMag Water Technology, gravity flow, multiple filtration	
WEIGHT	
11 lb/5 kg	
CAPACITY	
Fill tank 1.6 gallons (6 liters), supply tank 2.6 gallons (10 liters)	
MATERIALS CONTAINED IN PRODUCT	
Natural starch, carbon, zeolite, silver, mineral sand, sunmac mineral sand, silica sand, coral calcium, ring magnet (1,200 gauss)	
HOW TO USE	
Fill top tank with water. Filtered PiMag water collects in the water supply tank.	
FILTER REPLACEMENT	
Microsponge prefilter: 5 years or 5,283 gallons (20,000 liters), whichever comes first	
Ceramic prefilter: 2 years or 2,113 gallons (8,000 liters), whichever comes first	
Filter cartridge: 6 months or 528 gallons (2,000 liters), whichever comes first	
Mineral Stones: 1 year or 1,056 gallons (4,000 liters), whichever comes first	
WARRANTY INFORMATION	
90-day standard limited warranty	
CERTIFICATION	
Aqua Pour meets NSF/ANSI 42 standards for chlorine reduction as verified and substantiated by test data.	

QUICK SHARING TIPS

- Offer a drink of water from the PiMag Aqua Pour Gravity Water System. PiMag water is not only “the water of life,” it tastes delicious.
- Because the PiMag Aqua Pour works without electricity or plumbing, it can be used in any situation. It is a good backup system to have, for producing a supply of PiMag water.
